

STATEMENT OF EMERGENCY

907 KAR 20:001E

(1) This is an emergency administrative regulation which establishes definitions for the new chapter of Kentucky Administrative Regulations which contain Medicaid eligibility administrative regulations. The Department for Medicaid Services is amending the Medicaid eligibility administrative regulations as well as creating a new eligibility administrative regulation to comply with a federal mandate. The federal mandate establishes a new eligibility standard – the modified adjusted gross income or MAGI – for certain categories of individuals and bars the application of existing or old Medicaid income and resource eligibility standards from being applied to the MAGI population. As Medicaid coverage under the MAGI standards is mandatory January 1, 2014 and eligibility determinations can begin October 1, 2013, this administrative regulation is necessary to be implemented on an emergency basis as it contains the terms defined in the MAGI and other Medicaid eligibility administrative regulations subject to the federal mandate.

(2) This action must be implemented on an emergency basis to comply with a federal mandate.

(3) This emergency administrative regulation shall be replaced by an ordinary administrative regulation filed with the Regulations Compiler.

(4) The ordinary administrative regulation is identical to this emergency administrative regulation.
